

Hardware Steel Frame Fasteners Anti Vibration System Clamps

Our Product Introduction

for more products please visit us on channel-fittings.com

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: HENG TONG
- Model Number: LS-14A
- Price: \$1.83/pieces 1-2000 pieces
- Packaging Details: packed in cartons, cartons packed in pallets
- Supply Ability: 500000 Piece/Pieces per Month

Product Specification

- Material: ZINC, Carbon Steel, Carbon Steel
- Type: Seismic Connectors
- Size: 102*102*6mm
- Surface Treatment: Zinc Plating
- Certificate: ISO9001:2008
- Packing: Pallet
- Application: Ship
- Port: Shanghai
- Highlight: **steel frame fasteners, Anti Vibration System Clamps, Fasteners Anti Vibration System**

Product Description

Factory Price LS-14A Customized Hardware Steel Frame Fasteners Anti-vibration System Clamps

They are employed to minimize vibrations in engines, machinery, equipment, buildings, and other structures. The system consists of vibration isolators, dampers, mounts, and other vibration-absorbing elements to effectively isolate and dissipate vibrations.

Anti-vibration systems help improve the lifespan and reliability of machinery and equipment by reducing stress and wear caused by excessive vibrations.
