

## Shipping Container Fastener Carbon Steel Clamp Anti Vibration System Automotive

Our Product Introduction

for more products please visit us on [channel-fittings.com](http://channel-fittings.com)

### Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: HENG TONG
- Model Number: LS-13
- Price: \$1.20/pieces 1-2000 pieces
- Packaging Details: packed in cartons, cartons packed in pallets
- Supply Ability: 500000 Piece/Pieces per Month

### Product Specification

- Material: ZINC, Carbon Steel, Carbon Steel
- Type: Seismic Connectors
- Surface Treatment: Zinc Plating
- Certificate: ISO9001:2008
- Packing: Pallet
- Application: Ship
- Port: Shanghai
- Highlight: **Carbon Steel Clamp, shipping container fastener, anti vibration system automotive**

## Product Description

High Cost-effective Shipping Container Fastener Carbon Steel Clamp Anti-vibration System

The system can be customized and tailored to specific applications, considering factors such as load capacity, frequency range, and environmental conditions.

Anti-vibration systems employ various techniques, including rubber or elastomeric mounts, hydraulic dampers, tuned mass dampers, and active control systems.

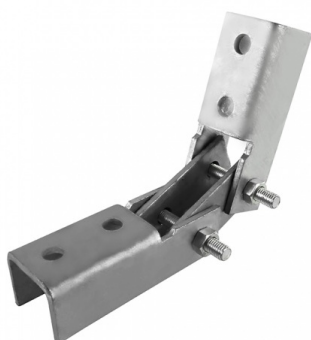

Rubber mounts or isolators are commonly used in automotive suspensions and industrial machinery to absorb and dissipate vibrations.

## Product Parameters

Product Name	High Cost-effective Shipping Container Fastener Carbon Steel Clamp Anti-vibration System
Material	Carbon Steel Q235
OEM	Available
Type	Seismic connectors

## Product Description

## Main Products

Anti-vibration System

Beam Clamp

Brackets

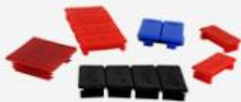

Channel

General Fittings

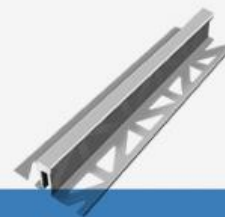

Pipe Clamps

Plastic End Cap

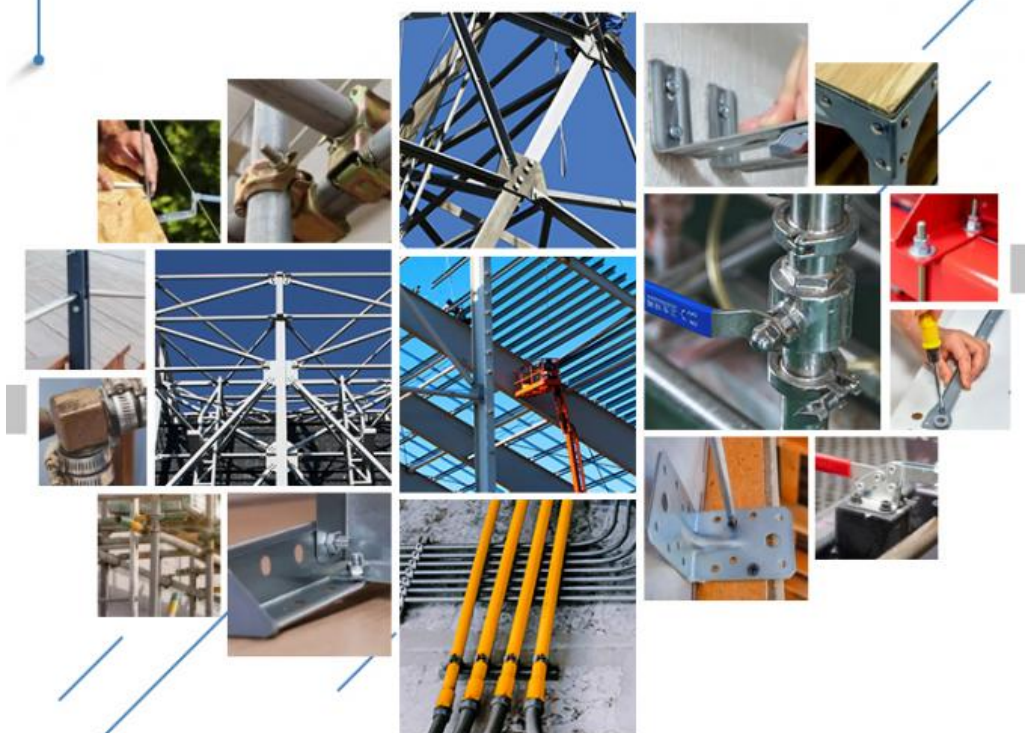

Spring Nuts

Stainless Steel Trim
